

Technical & Financial Proposal

OBÉ — Premium STR Furnishing Brand Website
Custom-Coded Build with Content Management Dashboard

Hello,

This is Youssef Ahmed from MYND Agency.

We are pleased to present our proposal for designing and developing a premium website for OBÉ, your product-only short-term rental furnishing brand.

The goal of this project is to create a **digital home for the brand** that represents OBÉ professionally, presents your furnishing packages and collections clearly, and guides visitors toward one action: **Get Your Free Estimate**.

Project Scope

1. UI / UX Design

- Custom website design based on the OBÉ brand identity.
- Dark editorial visual direction matching the agreed design reference.
- Luxury, modern style suitable for a premium furnishing brand.
- Responsive design for Desktop, Tablet, and Mobile.
- Premium package and collection presentation.
- Design executed from the provided specification and copy deck

2. Front-End Development

- Modern HTML, CSS, and JavaScript development.
- Fast, optimized structure.
- Smooth animations and transitions.
- Interactive sections and premium effects.
- Responsive design.
- Full 5-page build: Homepage, About Us, Packages, Portfolio, Contact Us.
- Custom interactive "Package Explorer" component: tier tabs, collection filters, and room tabs controlling a filtered package grid, built in JavaScript with no page reload. This is the centerpiece of the site.
- Scroll-reveal animations, animated statistics, testimonials carousel, and FAQ accordion as specified.

3. Custom Backend & Content Dashboard

- Custom admin system.
- Managing furniture collections, images, and content.
- Secure and scalable structure.
- Content management dashboard (portal) allowing OBÉ to edit, without touching code:
 - ❖ Package details, pricing ranges, and included-item lists and add packages

Youssef Ahmed (Service Provider)

Tamer El Gabaly (Client)

- ❖ Portfolio projects (images, titles, locations, rates)
- ❖ Testimonials and homepage statistics
- ❖ Page text content and contact details
- ❖ Contact form submissions delivered to the OBÉ email inbox, with an auto-reply to the sender.

Website Features

- Furnishing collections/packages showcase.
- Interactive package explorer with tier / collection / room filtering.
- Package galleries and detailed presentation.
- Categories and package details.
- Brand story section.
- Portfolio / previous projects showcase.
- Contact section.
- Free estimate enquiry form (multi-field, with validation and success state).
- WhatsApp integration.
- Basic on-page SEO structure and social share (Open Graph) images per page.

Optimization & Website Launch

- Performance optimization.
- Basic SEO setup.
- Security configuration.
- Domain and hosting connection.
- Testing and deployment.
- Cross-browser testing (Chrome, Safari, Firefox, Edge) and mobile testing on iOS and Android.
- Image optimization and lazy loading for fast load on mobile connections.

Deliverables

- ✓ Complete UI/UX Design
- ✓ Custom Front-End Development
- ✓ Custom Backend Development
- ✓ Premium Animations & Interactions
- ✓ Responsive Showcase Website
- ✓ Website Deployment & Launch
- ✓ Content Management Dashboard / Admin Portal (as described in scope)
- ✓ Full source code — front-end, back-end, and admin dashboard
- ✓ Database schema and a short deployment / setup guide
- ✓ Admin dashboard walkthrough (short screen recording or live handover session)
- ✓ Full ownership and intellectual property transfer to OBÉ on final payment
- ✓ 30-day post-launch bug-fix support (fixes to delivered features at no extra cost)

Estimated Timeline

5 – 7 Working Days

Timeline starts after receiving all required content and approvals.

Note: this timeline covers the front-end build. The custom admin dashboard and the interactive Package Explorer may extend the schedule slightly; a confirmed delivery date will be agreed at project start once dashboard scope is finalized.

What OBÉ Provides

- Brand logo files, and the website copy and specification documents.
- All written content and package data (no copywriting required from MYND).
- Photography, or approval to use agreed placeholder images during the build.
- Domain and hosting access, or authorization to set these up.

Project Investment

Total Investment	5,500 EGP	
Initial Payment (25%)	1,375 EGP	Project Start
Design Approval (25%)	1,375 EGP	Development Start (After final approval of UI/UX design)
Final Payment (50%)	2,750 EGP	After Launch (receival of source code & dashboard handover)

Youssef Ahmed (Service Provider)

Tamer El Gabaly (Client)

The final payment is released on delivery of the working website together with the full source code and admin dashboard, as listed in the deliverables.

Final Note

The mentioned price includes all services listed above. Any additional features outside the agreed scope will be discussed separately.

Scope, deliverables, and ownership terms in this revised proposal are confirmed by both parties at project start.

Best regards,

Youssef Ahmed
